

EU Quality Management System Certificate

Regulation (EU) 2017/745 on Medical Devices, Annex IX Chapter I

Certificate No. G15 076131 0013 Rev. 00

Manufacturer:

Phibo Dental Solutions S.L.

C/ Gato Pérez, 3-9
Polígono Industrial Mas D'En Cisa
08181 Sentmenat (Barcelona)
SPAIN

SRN Manufacturer - ES-MF-000024464

The quality management system has been evaluated in accordance with Regulation (EU) 2017/745, Annex IX Chapter I with a positive result.

Details on devices covered by the quality management system are described on the following page(s). The report referenced below summarises the results of the assessment and includes reference to relevant CS, harmonised standards and test reports.

The certified quality management system is subject to periodical surveillance.

If class I devices in sterile conditions, with measuring function, or reusable surgical instruments are covered by this certificate, the audit was limited to the respective aspects relating to

- establishing, securing, and maintaining sterile conditions,
- conformity of the devices with the metrological requirements,
- reuse of the device, in particular cleaning, disinfection, sterilization, maintenance and functional testing and the related instructions for use.

If class IIa or class IIb devices are covered by this certificate, the quality management system assessment was accompanied by the assessment of technical documentation for devices selected on a representative basis. The periodical surveillance includes further assessment of the technical documentation on the basis of representative samples.

If class III or class IIb implantable devices are covered by this certificate, an EU Technical Documentation Assessment Certificate in accordance with Annex IX Chapter II is required before placing them on the market.

All applicable requirements of the Testing, Certification, Validation and Verification Regulations TÜV SÜD Group have to be complied with.

EU Quality Management System Certificate

Regulation (EU) 2017/745 on Medical Devices, Annex IX Chapter I

Certificate No. G15 076131 0013 Rev. 00

Classification: Class IIa
Device Group: MDN 1208 - Non-active non-implantable instruments

Classification: Class IIb
Device Group: P01020101 - DENTAL IMPLANTS
Intended Purpose: Phibo® dental implants are intended to be surgically introduced in the remaining bone tissue to replace the dental root. Dental implants are versatile implants designed for different types of restorations.

Classification: Class IIb
Device Group: P01020180 - DENTAL IMPLANTS - ACCESSORIES
Intended Purpose: Phibo® implantable attachments are intended to serve as connectors between the dental implant and the dental prosthesis such as a crown, bridge, or denture. Implantable attachments are versatile to support different types of restorations.

The validity of this certificate depends on conditions and/or is limited to the following: ./.
